

6th International Conference

MONGEOMETRIJA 2018

Faculty of Technical Sciences
University of Novi Sad
Novi Sad, Serbia
6-9 June 2018.

1. Conference

We cordially invite you to submit research articles to the Mongeometrija 2018. A selection of papers presented at the conference will be chosen for publication in a future issue of the Nexus Network Journal (Springer) Nexus Network Journal is indexed in Thomson Reuters SCI and AHCI list.

2. Workshops

We invite you to participate in one of the three workshops:

- Curved Hot-wire Robotic Cutting
- Virtual Reality Applied to Realistic Landscape Presentation
- 3D Motion Capture and Analysis for Computer Animations

3. Exhibition

We invite you to propose your ideas, studies or designs for the exhibition "Designing complexity". The exhibition "Designing complexity" focuses on the re-embodiment of complexity in architecture, design and art which relates the digital technologies and innovative design approaches.
